

DEEPANSHU SHARMA

SOC Analyst

+91 9310142140 • New Delhi, India • <https://github.com/Deepanshu12344> • deep1209anshu@gmail.com

ABOUT ME

Aspiring SOC Analyst currently pursuing a B.Tech. in Computer Science and Engineering, with hands-on experience in network traffic analysis, log investigation, and phishing email analysis. Skilled in analyzing PCAP files, system logs, and security events using tools such as Wireshark, tcpdump, Splunk, VirusTotal, and urlscan.io. Eager to contribute to threat detection, incident investigation, and security monitoring in a SOC environment.

EDUCATION

DR. VISHWANATH KARAD MIT WORLD PEACE UNIVERSITY(MIT-WPU), PUNE, MAHARASHTRA, INDIA 2022–Present
Undergraduation | Bachelor of Technology in Computer Science Engineering| CGPA: 7.63

MOTHER DIVINE PUBLIC SCHOOL , ROHINI SECTOR-3, NEW DELHI, DELHI, INDIA 2021–2022
HSC | CBSE| Percentage: 82.6

MOTHER DIVINE PUBLIC SCHOOL , ROHINI SECTOR-3, NEW DELHI, DELHI, INDIA 2019–2020
SSC | CBSE| Percentage: 79.4

SKILL

SECURITY & SOC SKILLS

- Network Traffic Analysis
- Incident Investigation
- Log Analysis & Event Correlation
- Basic Threat Hunting
- Phishing Email Investigation
- MITRE ATT&CK (Foundational understanding)

SECURITY TOOLS

- Wireshark, tcpdump
- Splunk SIEM
- libpcap
- VirusTotal, urlscan.io

SYSTEMS & PROGRAMMING

- Linux (Logs, Networking, Processes)
- C, Python (basic scripting)
- Socket Programming

WORK EXPERIENCE

SOC Analyst

2025-NOW

- Maintained accurate documentation of all SOC activities, facilitating knowledge sharing across the organization.
- Reduced false alarms by fine-tuning intrusion detection system configurations based on historical analysis of incidents.
- Implemented automated tools for continuous monitoring of system logs, reducing manual efforts by the team.
- Enhanced network security by monitoring systems for potential threats and vulnerabilities.

ACHIEVEMENTS AND AWARDS

Received 1st prize in team project category at CSI (Computer Society of India), Mumbai

LANGUAGE KNOWN

English, Hindi
